*Wishing you a Merry Christmas from your friends at
Camp Duffield!*

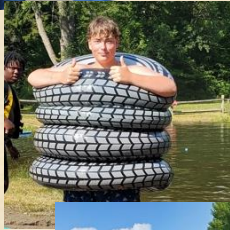

Duffield is an exciting, busy place to be! So many stories to tell. People, with vision and hope coming together to provide a place where children can laugh, play, sing, grow in faith, and make lifelong friends! Have you ever driven slowly down the dirt road with your window rolled down listening to the breeze sweeping through the pines with anticipation? We all have memories and stories to share. We welcome you to create memories with us next summer!! Save these dates!

A group of students and staff are sitting at picnic tables under a covered area, participating in a picnic. They are eating, talking, and enjoying the outdoors. A golf cart is visible in the background.

A group of approximately ten children and two adults are gathered on a paved area in front of a wooden building with a green roof. Some children are sitting on the ground, while others are on white plastic chairs. They appear to be engaged in a community activity or a lesson. The building has a wooden deck and a ramp. There are some plants and a fence in the background.

Duffield has had a busy year! We've had many rental groups. Local schools, churches, families, and groups have come to camp. Thank you to Do Over Dog Training, Earth Spirit, Belfast and Colden School districts for holding their events with us! Thanks to Bread of Life, Coronation BVM Roman Catholic Church, New Vision, North Presbyterian Church, and Lancaster Presbyterian Church for using Duffield as your retreat location. Thanks also to the numerous families that used Duffield for their reunions, weddings, and get togethers. As our 2024 begins to fill up with rentals, we encourage you to reach out to secure your date.

Thanks to our dedicated volunteers we not only worked through our yearly maintenance of the camp but forged ahead to clean, repair and spruce up the camp, keeping it good condition. Many thanks to the work crews that showed up on our Spring And Fall Workdays. We always welcome volunteers to clean up, get equipment ready for the next season, split wood, turn on/off water to buildings that are not winterized...Many hands make light work! The floor in the Janeway kitchen has finally been updated and looks fantastic!

Special thanks to the fine gentlemen who quietly show up at camp to make repairs throughout the year when no one is there. We are grateful for all you do- we lovingly call you the Camp Duffield Ninjas! We continue to look for volunteers to help out as summer staff, with marketing and fundraising, and to help on workdays.
